STOCK PRICES UP.

A DAY OF FURIOUS ACTIVITY IN ALL DEPARTMENTS.

THE CLOSE AT BOILING POINT.

It is Also at the Best Figures of the Day—Wheat Declines—Corn and Oats Lower—Provisions Practically Unchanged.

NEW YORK, November 10.—Prices surged upward on the Stock Exchange to-day, with what can only adequately be described as a rush and a roar. It was throughout a day of furious activity in all departments, and the closing was at the boiling point, and at the best prices of the day. The greatest interest and activity were shown in railroad securities of all classes, and nearly all of these which were traded in show at least 1 per cent higher figures. The Industrials and other specialties fell into the background, both relatively and absolutely, and were almost totally neglected until the later dealings. Brooklyn Transit and Federal Steel stocks then sprang into activity, and scored substantial advances before the close. In the case of some stocks, high record prices were made to-day, and in the case of many others, the highest prices of the year, which prevailed about the 1st of September, were approximated. Atchison, preferred, Baltimore and Ohio, and some other stocks reached their record prices to-day.

POST-ELECTION RELIEF.

There can be no doubt that the feeling of the market is attributed to the feeling of relief that the unsettled doubts and uncertainties about the election are a thing of the past, and to confidence that the generally prosperous condition of the country is sure to assert itself. Industrial lift Ohio rose 2%, and Norfolk & Western preferred was at one time up 2%. Reports from the iron trade of a drift toward a lower range of values, which might ordinarily be expected to have a marked influence on the stock market, were continued unnoticed.

London buying was again a marked feature in the transaction house business was on an enormous scale, fairly taking the market out of the hands of traders, and eating up all offerings to take profits, without appreciable check to the day's continued advance.

BOND BUSINESS LARGE.

To-day's business in bonds holds the record in volume of transactions. All classes of obligations were in demand, but the reorganization issues continued the favorites. There was, however, a well distributed business in high-grade bonds, and many speculative issues were brought forward in the movement. Total sales, \$10,045,000. United States new 4%, registered, advanced 5%; do. coupon, 5%; the 2% and the 3%, registered, 14%, and the 5%, registered, and the 5%, registered, old in the bid price.

The total sales of stocks were 735,500, including 10,109 Atchison, 75,679 preferred; 12,59 Chicago, Burlington and Quincy, 7,000 Rio Grande preferred, 19,729 Louisville and Nashville, 7,529 New York Central, 42,239 Northern Pacific, 10,429 do. preferred, 9,629 Rock Island, 19,629 Union Pacific, 61,15 St. Paul, 37,829 Union Pacific preferred, 14,559 Tobacco, 13,629 Steel, 25,239 do. preferred, 15,120 Standard Oil, 56,229 Sugar, 6,49 Tennessee Coal and Iron, and 55,529 Rubber.

MONEY AND EXCHANGE.

Money on call steady at 29 2/4 per cent; last loan at 2 per cent; prime mercantile paper, 3 3/4 per cent.

Sterling exchange weak, with actual business bankers' bills at \$1,853 4/8% for safety; past rates, \$1,825 4/8% and \$1,860 for 50 cents; post rates, \$1,825 4/8% and \$1,860.

Silver certificates, 60 1/2%; bar silver, 60%; Mexican dollars, 47.
